

## Watch Information

### FOUNDATION STAGE FIREFIGHTER VISIT

## THE BIG FIRE ENGINE ACTIVITY BOX

The Big Fire Engine Activity Box is full of activities, games and resources specially designed to engage with Foundation Stage children (Nursery and Reception classes) and start their progression of learning about safety, especially fire safety.

The Box has been designed for teachers to deliver the safety messages in line with the included lesson plans.

The People Who Help Us pack is designed for firefighter delivery to the same age group linking to the Big Fire Engine Activity Box lessons which teachers can provide. Should firefighters wish to expand these sessions they may wish to use some of the resources in the Box as prescribed.

Unfortunately, The Big Fire Engine Activity Boxes are no longer available free of charge. There is a current cost of £180 per box. However, if it is felt that there is a need for this resource within a particular setting, the Station may approach the Command to approve payment. The Schools Education Officer should then be informed and a box will be delivered with an accompanying training session to the school.

For any further information please contact the Schools Education Officer, Safeside, West Midlands Fire Service Headquarters, Vauxhall Road, Birmingham, B7 4HW 0121 380 6196.
